YOU DON'T KNOW

what a comfort it is to have ready at hand a remedy that never fails to relieve Constipation, and that, without pain or discomfort, and almost immediately cures headaches, and dispels every symptom of Dyspepsia. Such a remedy is found in Simmons Liver Regulator—not a sweetened compound to nauseate, or an intoxicating beverage to cultivate an alcoholic appetite, but a medicine pleasant to the taste, and perfectly harmless when given to the smallest child. S. L. R. never disappoints. It possesses the virtues and perfections of a reliable remedy of the kind endorsed by eminent physicians.

"It affords me pleasure to add my testimony to those you receive annually in reference to your valuable medicine. I consider Simmons Liver Regulator the best family medicine on the market. I have prescribed it with excellent results."

—W. F. PARK, M. D., Tracy City, Tenn.

There is no failure in the popularity of

Walter Scott in Great Britain, at any rate. The new sixpenny edition is having a remarkable sale. Only one firm receives them on the terms of "sale or return," but although twenty or more have been returned or changed a large number of others say that they will keep a few days after the books have been in circulation, and the remaining twenty-five go off within the month.

We venture to say that very few monthly magazines sell either in such quantities or so quickly. The sale up to the present time has been enormous, the number issued being well on the way to the second edition.—Bookman.

A Brilliant Transformation.

A new industry has just started into life which threatens to assume vast proportions. It has been discovered that cayenne pepper, administered to canaries, will in two or three weeks change the color of their plumage from yellow to bright red. The process has been tried successfully on hens, ducks, etc. We may shortly expect to see the commonest fowls offered for sale as rare birds—thanks to this ingenious device. The parrots won't like it.—Martin.

Worse Than War.

Famine and cholera have made war upon Russia and prevented Russia from making war upon her neighbors. But pestilence as a peace promoter is worse than the war which it obviates. The forces of destruction now issuing from Russia move far more rapidly than an army, their attack is far less avoidable and far more deadly, and they threaten the new world as well as the old.—Washington Star.

A tissue paper trust, which includes all the large mills in the United States manufacturing tissue paper, has lately been formed in New York.

THE SENATORIAL QUESTION.

One of the most important questions in the present canvass is, Who shall be elected United States Senator? The people have the right to know for whom every candidate for the Legislature if elected, will vote for Senator. This right cannot be denied to them with any more propriety than the acknowledged right of every voter to know for whom the candidates for Presidential electors will vote for President. The Constitution delegates to the Electoral College the power to elect the President, and to the Legislature the power to elect Senators. No candidate for Presidential elector would expect to receive the vote of any citizen if he should refuse to disclose the name of the person for whom he would vote for President if elected. No candidate for the Legislature who withholds from the people full information for whom he would vote for Senator if elected to the Legislature, is entitled to their suffrages. By withholding such information he denies to his constituents the right of choice for Senator. The more fact that any candidate for the Legislature declines to declare his choice for Senator, raises the presumption that he intends to vote for some person whose character and standing are such that he could not receive the endorsement of the people. The only possible object a candidate for the Legislature can have for declining to state before election, his choice for Senator must be the acknowledgement on his part that the person for whom he intends to vote would be reprobated by the people and that he could not be elected if he should disclose a knowledge of his intentions.

ADMISSION DAY.

Twenty-eight years ago President Abraham Lincoln, by proclamation declared Nevada admitted to the galaxy of the Union as a sovereign State. Then the pioneers who had crossed deserts, fought Indians, lived on bacon and beans, and endured all the hardships and privations incident to frontier life, resolved to relieve the nation, which was in the throes of civil war, of the expense of maintaining the government of Nevada, and few as they were, patriotically assumed the responsibility themselves. The product of the mines developed by their energy materially assisted in maintaining the credit of the country, when the money sharks, who are to-day responsible for the great mining depression, demanded three dollars in bonds for every dollar they loaned the Government. To-day and for years past the Government instead of reciprocating the patriotism of Nevada encourages the money sharks in their efforts to depress its principal industry and by hostile legislation is depopulating every mining camp and throwing thousands out of employment.

Admission Day was not celebrated this year in Nevada. Dull times have overshadowed the spirits of the people and there is no rejoicing on the anniversary of the day Nevada became a State, and there should not be until the people repel the attacks of the goldbugs and have achieved their rights by the passage of a bill for the free and unlimited coinage of silver.

A PERTINENT QUESTION.

The attention of the Republican candidates for members of the Legislature is directed to a communication elsewhere in this paper. The writer of that communication is a reputable citizen of Reno and has always been a Republican. He claims the right to know who the men who ask him for his vote intend, if elected, to support for United States Senator. He, like all other citizens, deems the position of United States Senator one of great importance to the people of Nevada, and as he cannot vote directly for Senator, he desires to know whether the choice of the Republican candidates for the Assembly is his choice for Senator. The request is not unreasonable, and there should be no hesitancy on the part of the candidates to comply with it. The people have been so often deceived by legislative bodies electing men to the United States Senate who were not the popular choice that the demand for a change in the Constitution so that Senators be elected by direct vote of the qualified electors is almost unanimous. The People's party candidates were pledged by the convention which nominated them to vote for Wm. M. Stewart first, last and all the time for United States Senator, and as the Republican nominees for the Assembly are opposed to Senator Stewart, they owe it to the public to make known their choice.

The people of Nevada want a Senator and Representative in Congress who will do something for the State. Mr. Woodburn and Mr. Bartine in the five terms they have served in Congress did nothing for Nevada.

TELEGRAPHIC NEWS

Concerning Fusion in Oregon

CHICAGO, October 31.—Mr. H. W. Scott, of the Oregonian, Portland, Oregon, who is in this city, said to-day: "There is a snarl in the preparations for the election in Oregon that is likely to bring serious discomfiture to Democrats and Populists. An attempt was made by them to form a fusion ticket, the idea being to withdraw two Democratic and two Populist electors and unite on the same number of electors of the two parties, and thus, if possible, defeat the Republican electoral ticket. The law in Oregon, however, provides that all nominations must be filed with the Secretary of State and clerks of the respective counties at least fifteen days before election. This attempt at fusion has come too late, as it is much less than fifteen days to the election. The consequence is the Democrats and Populists are not able to get together upon any legal ticket, nor back to their original conditions. The Democrats may vote for their electors but cannot vote for the Populist electors and Populists may vote for their own but not for the Democrats. There is, in short, no way to combine the tickets."

A Murdered Man—Mining Accident.

WALLACE, Idaho, October 31.—About two weeks ago two wood choppers, names unknown, left Wallace for Custer Mountain to cut timber. On Saturday one was seen chasing the other down hill, brandishing an axe and cursing in murderous threats. Last night visitors to the cabin of the wood choppers found the aggressor of the day before dead with a shot through his body. His partner was armed and said he was going to Wallace to surrender, but has not since been seen. The body of the murdered man is here awaiting identification.

A shocking accident occurred at the Osmore mine to-day, in which Alfred Christian was killed and Geo. Carlson seriously wounded. The men drilled into a hole where an unexploded blast remained. The powder exploded with terrible force, tearing Christian all to pieces.

Will Endeavor to Release Them.

WASHINGTON, October 31.—The Secretary of State recently sent instructions to the United States Legation in London respecting Dr. Thomas Gallagher, John Carlin and other Irish-American citizens, who are now serving life sentences of imprisonment in Great Britain. Representations have been made to this Government in their behalf and President Harrison directed the legation in London to bring the matter to the consideration of the British Government with a view of securing such modification as will bring about their release from further confinement.

Fear the Indians.

WASHINGTON, October 31.—The officials of the Indian Bureau have not yet received any information regarding the threatened outbreak of the White River Utes in Utah, as telegraphed from Meeker, Colorado, last night. The White River and their neighbors, the Uncompaghres, are regarded by the Department as the most civilized and dangerous bands of Indians with which they have to deal. In view of the present condition of affairs, it is believed the order issued some time ago by the War Department abandoning Fort Duane and removing the troops therefrom will be rescinded, at least for the present.

Criminal Prosecution of Treasurer Thomas.

NEW YORK, October 31.—The report from Washington alleging that the Civil Service Commission recommended the criminal prosecution of Treasurer Thomas of the Republican State Committee is treated lightly at State headquarters. Chairman Hackett said there is nothing in the charges. The letters sent by the committee to Republicans asking for contributions to legitimate campaign expenses are exactly such letters as Tammany and the Democrats at large are sending out. There is no demand made for money, and the recipients of the letters are not addressed as office holders.

Killed in a Street Fight.

LOS ANGELES, October 31.—In a street fight this evening Andrea Longo shot Francisco Figueroa through the lung, when the latter stabbed Longo in the neck, killing him almost instantly. There has been bad blood between the men for some time past on business matters. All day yesterday they were quarreling and drinking, and were kept from doing each other any injury. The men belong to two of the oldest Spanish families in this part of the State.

Oregonian Kills Himself.

SANTA BARBARA, October 31.—Antonio Orosz, the Indian who for the past few days has been hunted by officers for the attempted murder of Alice Havens, was found dead in his bed near Cathedral Oaks this morning, where he shot himself with the rifle with which Miss Havens had been wounded. He had eluded arrest for several days and when the excitement subsided he managed to return to his house Saturday night.

Wants to Fight Mitchell First.

CLEVELAND, O., October 31.—Populist Corbett said to-day he would not sign for a fight with Jackson. He says he will not fight again for a year. When the theatre season ends next Fall he will deposit money for a match with Mitchell and if Mitchell don't respond he will give Jackson a chance.

Four Children Burned to Death.

ALEXANDRIA, Oct., October 31.—Four small children of Mrs. Morrier, a widow of this village, who were left alone in the house while the mother went to visit a neighbor, were burned to death by coal gas falling from the grate and igniting the house. The mother is insane from grief.

Fudrey Knocked Out.

CONYER ISLAND, October 31.—Choyneki knocked Godfrey out in sixteen rounds.

A Wedding Without a Bride.

Something like the performance of the great Shakespearean drama with the principal character absent has taken place at Paris, a wedding in the southwestern part of Paris. Two young persons, who may be referred to as Francis and Marie, had resolved to enter the bonds of wedlock. Everything had been prepared not only for the nuptial ceremony at the mayor's office, but also for the marriage feast. The eventual hour was approaching. Monsieur le Maire, girt with his "sash of office" and accompanied by his registrar, was waiting at his desk. The bride, all gayly bedecked with orange blossoms, had arrived at the mairie with her friends, but Francis, the faithful, came not.

Scouts were sent out after him, but they searched for him in vain. He had vanished from his lodgings and had left no message behind for anybody. The disappointed damsel in the white dress and orange blossoms, instead of pinning like Maritana and wishing she were dead, left the mayor's office and led the way to the restaurant where the feast was set. There she occupied the principal seat and gayly partook of the viands and fluids which had been ordered for the occasion. Afterward the fiddlers and pianist were directed to strike up, and dancing was indulged in for several hours as if there had really been a wedding.—Paris Letter.

The Second Largest Diamond.

The second largest diamond in the world is undergoing the cutting process at Antwerp. Its weight is at present 473 carats, but it will lose no less than 274 carats before it is ready for market. Even then, however, it will be the second largest diamond in the world, standing between the eighty carats of the Persian diamond, "Great Mogul," and the 127 7-10 carats of the Russian "Orloff" brilliant. Roughly speaking, the Antwerp stone will be about the size of a pigeon's egg. In its present state it measures 2 3/4 inches by 1 7/8 inches. Its polished surfaces will measure 7-8 inch each way.

Some idea of the enormous expense of the fabrication of these costly trifles from the natural form of the commercial stone may be gathered from the fact that the great English crown diamond, the Koh-i-noor, which is only the comparative modest weight of 182 carats, cost no less than \$3,000,000 to cut and polish. The polishing of a very large diamond is a very slow process, and it will be a long time before the actual value of the Antwerp stone can be determined, as its luster and water cannot be decided until it has left the polisher's hands.—Cobden Lead and Miner.

Maskerade Ball.

The Knights of Honor will give their regular Annual Maskerade Ball on Thanksgiving night, November 24th, at the Pavilion. No pains will be spared to make it one of the great social events of the season. Several prizes will be awarded the best sustained characters. A general invitation is extended to the public. Oct 27th.

John Green, who has been in the carriage making business for 22 years, has purchased the patent right for Washoe county for a safety tag holder, the simplicity and usefulness of which will commend itself to everybody. It is cheap, durable and reliable, and it should be on every singletire. The price is \$1 per pair. Call at Mr. Green's shop on Sierra street, Reno. nov12

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients. Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine in the world which can truly be said, "One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits, the title of "The greatest blood purifier ever discovered."

Peculiarly "good name at home," there is now more of Hood's Sarsaparilla sold in Lowell, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad—no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so acridly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine, Hood's Sarsaparilla. Sold by all druggists. \$1.50 per bottle. Prepared only by C. L. John R. Bradley is in from Elko. He reports the Silver men as being sanguine out East and confident of success. He says Judge Belknap is improving steadily, and he expects to see him in Nevada before election day.
Hon. W. E. Sharon of Virginia visited Reno yesterday. He says the business men and miners of the Comstock fully realize the political situation and will give such a majority for the Silver ticket as will astonish the goldbugs.
Colonel J. B. Moore of Ruby Valley arrived here Sunday with two car-loads of beef cattle. Colonel Moore left the Republican party six or eight years ago, and joined it again last winter. He was one of six who bolted the Republican convention in Elko a month ago because it would not nominate a Legislative ticket.
F. X. Leubers has introduced a system which should become general in Reno. He desires to know where he lives and wants his friends also to know. He has placed on the corner of his premises white sign boards on which are painted in plain black letters the names Vine street and Sixth street, so that he who runs may read.
John Pearson, a native of Vermont, and a miner on the Comstock for the last thirty years, died yesterday at his home in Virginia City of miner's consumption, leaving a widow and three children to mourn the loss of a kind husband and father. His son Walter, who is now in business in Virginia City, attended the State University here for some time. Deceased is a brother-in-law of William Webster of Reno.
Is it possible that Messrs. Emmitt, Wheeler, Hamlin and Herman have agreed to vote for M. D. Foley, Tremore Ceffin or E. Strother for U. S. Senator? These names are suggested as the probable beneficiaries of the dark scheme in which it is alleged they have entered from the fact that the gentlemen named are most conspicuous in conducting the straight out campaign. If the four candidates for the Legislature above named have contracted to vote for either of the gentlemen mentioned, the public would be glad to know which one, and whether he is a resident of Reno, Carson or Virginia.
Gets Off Easy.
M. Lester, the man who was brought back from Winnemucca by Constable Upson some few days ago on a charge of swindling Louis Kerth out of \$50 had a hearing before Justice Linn yesterday, when the charge was reduced to misdemeanor. The defendant pleaded guilty to the charge, and was sentenced to a fine of \$180 or 90 days imprisonment in the county jail, conditioned that he refund the amount of money he obtained from Mr. Kerth. He is accepting the county hospitality.

A POLITICAL OVATION.
A Tremendous Crowd at the Opera House Last Night to Hear Hon. Francis G. Newlands and W. E. F. Deal.
The meeting last evening at the Opera House drew such a crowd that all the seats, the aisles, balcony and even the hallway was full of expectant listeners long before the hour of calling the meeting to order arrived.
Outside bonfires blazed, anvils boomed and the strains of martial music enlivened the crowds which lined the sidewalks.
Hon. B. F. Leete called the meeting to order at 8 o'clock, and announced the following Vice Presidents.
Hon. Wm. M. Stewart, J. J. Poor, Wm. Pinniger, E. F. Sheldon, C. Novacovich, Edward Schmidt, Dr. H. H. Hogan, Wm. Rodgers, Geo. H. Saylor, Dr. C. J. Muller, J. J. Becker, Henry Orr, Frank Barnes, Alvaro Evans, L. J. Flint, R. Ryland, Jos. Frey, Geo. Avery, G. Chism, John Richardson, Geo. S. Nixon, Nott Leete, Fritz Frey, C. A. Norcross, Hon. W. E. Sharon, E. D. Kelley, Hon. R. S. Osburn, John Mighels.
The first part of the program was a song by the Comstock Glee Club, composed of 23 members who sang words written to the tune of "Marching Through Georgia," with such spirit and melody as to bring forth a storm of applause.
Hon. Francis G. Newlands was then introduced and spoke for more than an hour receiving the closest attention of his audience throughout and winning many to the silver cause by his clear dispassionate and unanswerable arguments, in favor of the Silver party. He recited the facts relating to the Republican State Convention, which was composed of silver men, and the bolting or minority convention which endorsed Harrison, and while he would not endeavor to follow his antagonist in this line of personal attack he would say that he only received twenty votes of the 49 votes in the bolting convention. When he, the speaker, was placed in nomination in that convention, his antagonist, seconded the nomination in a speech more eulogistic than he deserved, and it is hardly possible that he could have changed materially in a few weeks. If he deserved the gentlemanly eulogy then he deserves it now.
The only change in condition between then and now, is that his opponent received the nomination which he declined, and that he refused to accept as his candidate for the Presidency of the United States, a man who must yield to the predominant power of the Republicans of the East, that power to be used to absolutely destroy the interests of the State.
In speaking of his residence in Nevada, Mr. Newlands said that he was compelled to choose between California, Nevada and the East. He would not live in California under any consideration and with his interests and heart in the West, he chose Nevada and intends to ever make it his home.
His exclamation in relation to water storage was convincing proof that all his efforts in that direction were in the interests of the people of the State and of Washoe county in particular.
He had gone to his associates, and suggested to them that every dollar taken out of the ground here be spent in the State and not used to build up other States.
He was frequently applauded during the course of his remarks and was given hearty and prolonged cheers at the close.
After the audience enjoyed another soul-stirring song by the Glee Club, Judge W. E. F. Deal of Storey county was introduced and spoke at some length in a clear, forcible and earnest manner.
The people, he said, will ask what motive has Deal in addressing an audience of this character? He had endeavored all his life to have the people of this State vote the Democratic ticket, but could not do so now, with such a man as Cleveland at its head, who is so pronounced in his hostility to silver. Heretofore, he had been able to show that the Democratic party favored free silver, but now he was unable to do so.
His eulogy of Senator Stewart was well received.
He asked the question, "Do you want Stewart?" and echo all over the hall answered "yes." "Is there anyone in the hall who wants Bartine?" he then asked, and a pin could have been heard to drop anywhere in the building, people even acting as though they were afraid to breathe, lest they would be counted in Bartine's favor.
He showed Bartine in his true light, saying that, like in his present canvas, if he should be elected he would vote for party first and silver last, while Senator Stewart is just the opposite, believing the interest of his State paramount to any party issue.
The people of Washoe county, he said, should feel proud to have such a man as Mr. Newlands in their midst, for he is an energetic and honorable citizen.
Mr. Woodburn, said the speaker, accuses Mr. Newlands of having changed from a Democrat to a Republican. He noted the fact that others changed, also. Some years ago he and Mr. Woodburn were candidates for office on the Democratic ticket in Storey county. Mr. Woodburn was successful and obtained an office worth \$10,000 a year, and before his term of office expired he went over to the Republicans, and had been living off the party ever since.
The speaker closed with an earnest exhortation to the people of Washoe to forget old party ties, and remembering their homes and their State, go to the polls and cast a vote for silver.
The glee club again appeared on the stage, and the audience would not be satisfied until the club had been called back the third time.
The meeting closed with three rousing cheers for Stewart, Newlands and the entire Silver ticket.
Notes.
Having returned to Reno and located my barber shop at Chase & Boynton's corner, I will be pleased to have my friends and the public generally give me a call.

FALSEHOODS AND MUD SLINGING.
A Contemptible Method of Canvass Which is Being Resorted to by Some of the Republican Nominees for Office in Washoe County.
The Silver party of Nevada as well as the People's party of Washoe county have made a clean and honest fight for the election of their nominees, and have depended upon the righteousness of their cause rather than the circulation of self-improvised lies and mud slinging to make them successful at the polls on election day. They have treated their opponents in public discussion and in private canvass with uniform respect and courtesy, neither misrepresenting their motives nor originating malicious falsehoods concerning them nor giving currency to the same.
The straight outs of other old parties are challenged to produce a single instance in which the Silver or People's party have personally disparaged their opponents or originated or repeated a single falsehood or slander concerning them or taken any advantage of them other than an honorable one.
Hon. Wm. Woodburn, Republican nominee for Congress, inaugurated his fight, not by presenting issues for the sober consideration and conviction of the voters, but by endeavoring to ridicule and malign his opponents, forgetting that he himself presented as fair a mark for such shafts as could be found, provided his opponents would condescend to use such weapons. His example seems to have not gone without a following among certain of the members of his party in this county.
The following is a copy of a notice, a number of which were engrossed, neatly framed under glass, and sent to Wadsworth from Reno to be hung in different places of resort:
CARSON CITY, Nevada, Oct. 24, 1892.
"To the Voters of Wadsworth:—I hereby send you the names of those who voted for Assembly bill 86, relative to the preservation of fish, one of the most damnable laws ever passed in the State of Nevada. Yes—Messrs. Bell, Clifford, Emery, Fletcher, Folsom, Kinney, Lanyon, Leeper, Menary, Nicholls, Nixon, Peterson, Reid, Thompson, Trenbath, Wager, Mighel, and Mr. Speaker.—24.
In the vote for the bill the name of Leeper appears. His name also appears on the Silver ticket of Washoe county for Sheriff. Can the voters of Wadsworth vote for a man who by his vote and work ruined her industry and caused hard times with them who followed this industry for a livelihood. The names can be found in Assembly Journal, page 235.
[Signed] A FRIEND OF FISHERMEN."
The above placard does not for several reasons contain the names of those voting for the bill in the Senate, as follows: Yes—Messrs. Boyle, Commins, Dunlap, Emmitt, Folsom, Foley, Forbes, Gallagher, Kaiser, Lagrave, Millet, McDonnell, Sawyer, Sproule, Stearns, Torre, Williams (of Ormsby), and Williams (of Elko)—18. Absent—Messrs. Riekey and Williamson—2.
Mr. Leeper states that he has no apologies to make for voting for the bill, for the reason that he did so upon the recommendation of every local fisherman that he knew. That he is not himself a fisherman and relied solely upon the advice of those well informed in the matter. The passage of the bill was recommended by Fish Commissioner Geo. T. Mills, and, while not prepared himself to say now whether the bill was a good one or the contrary, he would have been more than ready to back under the circumstances voted against the bill. Anonymous letters were also received in Wadsworth by all of the saloon men, urging them to use their influence against B. F. Currier for District Attorney for the alleged reason that if elected he would cause all the places of public resort in the county to be closed at 6 o'clock. Just how Mr. Currier could accomplish this in the absence of a Legislative enactment to that effect did not appear until Saturday evening.
A prominent Republican nominee for the Legislature, a gentleman sincerely respected by the people of Reno, and who should have known better, Saturday evening went the rounds of the sporting places with a crowd of his friends, proposing each time the following toast: "To young Norcross, who, if elected to the Legislature, will pass a bill closing every saloon at 6 o'clock."
The ridiculousness and absurdity of the above ought to be its own answer, but the fact seems to be that it was taken seriously by a good many.
Mr. Narcross yesterday, upon its being reported to him, stated that he knew nothing of any such proposed bill, and that such a proposition never entered his mind. He stated that he had no fight to make for or against the saloons if elected to the Legislature, and that the insinuations contained in the toast, were made up out of whole cloth.
The above are samples of a number of canards which have been circulated assiduously where they would do the most good by interested parties to the detriment of the candidates of the People's party. The challenge is again repeated that not a single nominee of the People's party in this county has been guilty of such a contemptible mode of canvass as to originate and deliberately circulate falsehood to the detriment of any of his opponents.

THE UNITED STATES SENATORSHIP.
Who Will the Republican Legislative Candidates Vote for?
RENO, Nevada, October 31, 1892
EDITOR JOURNAL:—I desire through your paper to ask the Republican nominees for the Legislature, namely, D. C. Wheeler, Frank Emmitt, S. A. Hamlin and T. G. Herman for whom they will vote, if elected, for United States Senator? I expect on the 8th day of November to cast a vote for four persons to represent me in the Assembly. I deem it to be my right to know beforehand for whom such members of the Assembly shall vote for United States Senator, because indirectly I am voting for that person, and the election of a United States Senator is too important an act to require the voter at the polls to participate in it blindly.
In all respects this year in my judgment, the person for whom the legislators will vote for United States Senator, is of more importance than the personnel of the legislative candidates.
So far as my own vote personally is concerned I deem it of such importance that I will not vote the Republican Legislative ticket, which have I hitherto always done until as I am satisfied beyond the peradventure of a doubt that their choice for United States Senator is my choice.
C. E. CLOUGH.
APOPLEXY AND SUICIDE.
Sudden and Tragical Death of Two Brothers.
The Carson Tribune says two brothers, S. H. and T. J. Hodgkinson, pioneer residents of Carson, took breakfast together Sunday morning, apparently in good health. About 11 A. M. S. H. was found dead near Shaw's Springs, cause apoplexy. T. J. made arrangements for the burial of his brother in the Masonic Cemetery, after which he placed a six-shooter to his head above the right ear, pulled the trigger and sent a bullet through his brain. Grief over the death of his brother impelled him to end his existence. S. H. was the father of a respectable family, two sons and three daughters, who have the sympathy of the entire community, and T. J. was a bachelor.

If you have money to invest in Reno real estate, either in large or small amounts, the Reno Real Estate and Investment Company offers most particular inducements to you. By investing in its shares of stock you participate in its investments which are governed by its able and experienced Board of Trustees, consisting of Mr. O. T. Bender, Mr. Sol Levy, Mr. O. C. Powning, Mr. Geo. F. Tarrittin and Mr. A. G. Fletcher. The principle object of the company is to purchase and improve centrally located business property in the city of Reno. Everyone is of one mind as to the desirability of such investments.
The company is incorporated with a capital of \$100,000, divided into 20,000 shares of the par value of five dollars each, and from its already large list of share holders there is every reason to believe that it is destined to become one of the most flourishing companies in the State. Of its 20,000 shares there have been 12,000 sold since August 1st.
Its shares are sold upon the monthly installment plan of ten cents per share, installments to range over a period of fifty months. In this way persons of moderate means are enabled to combine and participate in investments that usually only fall to the lot of the fortunate capitalist. Mr. F. M. Lee, the Secretary of the company, will be pleased to furnish any desired information.

That's at the bottom of the blues, and when you take Simmon's Liver Regulator you strike at the root of the evil, and everything else that is wrong goes with it. No more indigestion, dyspepsia or biliousness. That sounds bright enough and is true.
"Slipped by the Light of the Moon."
This is one of the most laughable comedies on the stage. The fun begins with the rise of the curtain, and continues throughout. If you wish to enjoy a good laugh, and forget the trials of life for a time, see this play at the Opera House to-morrow evening.
"The Millionaire."
"The Millionaire" will come to the Opera House, Saturday, November 5th, with Dan't Sully in the title role. Mr. Sully's performance is spirited and lifelike, and his comedy is possessed of great merit. The railroad building scene in the second act is one of the most realistic scenes ever put upon the stage.

A Tiny White Shoe.

It is not the adolescent youth who returns from his summer vacation to the place behind the counter wearing an easily bendable gaiter about his calf, who is most to be pitied. Ah, no! That is sad and sweet, but he can be trusted to wear off in time, as salaries do not increase. The saddest case is that of a brother of a boy who cherishes a tiny white canvas shoe. It is a dainty No. 2 and as pure as the snow on Alpine peaks. Of course he stole it, for no girl in her senses would give him one. But all the same he is bothering his sister with bribes to make a Cinderella cushion of that shoe, filling up the instep with stuffed satin of a realistic flesh colored tint, into which he would no more dare stick a pin than in the warm, quivering little foot of his fair innamorata.—New York News.

Good News for Farmers.

It must be cheering news to Massachusetts farmers, and especially to those living near the infested districts, to learn from the gypsy moth commission that there is a gradual drawing in of the boundaries where the caterpillars are to be found this year. None have been found in Marblehead or in Charlestown and but few in Beverly, Lexington and some other towns, and in those places where they are not widely distributed but a few are found, which indicates that the natural enemies, birds, parasites, etc., have destroyed either the eggs or the young caterpillars.—Lewiston Journal.

The highest mortality in the police department of New York City last year

was among the surgeons, three of whom died during the year. Only two roundsmen and two sergeants died, the total number of deaths being forty-eight. One reason why the death rate in the department is so low is that the officers are retired after twenty years' service at their option, or for age.

Cliffont, known as "the human ostrich," is reported to have swallowed a watch, and allows people to listen to it ticking in his chest for the small sum of one cent.

What is lacking is confidence. If there were absolute truth on the one hand and absolute confidence on the other, it wouldn't be necessary for the makers of Dr. Sage's Catarrh Remedy to back up a plain statement of fact by a \$500 guarantee.

They say—"If we can't cure you (make it personal, please,) of catarrh in the head, in any form or stage, we'll pay you \$500 for your trouble in making the trial." "An advertising fake," you say. Funny, isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee absolute. Wise men don't put money back of "fakes." And "faking" doesn't pay.

Magical little granules—those tiny, sugar coated pellets of Dr. Pierce's—sovereignly larger than mustard seeds, yet powerful to cure—active yet mild in operation. The best Liver Pill ever invented. Cure sick headache, dizziness, constipation. One a dose.
